Adamawa AI & Digital Skills Summit 2026

Discover AI. Build Digital Skills. Unlock Opportunities.

A one-day technology and empowerment summit that brings practical AI and digital knowledge to more than 1,000 young people across Adamawa State. It is the launch event for the Haske Tech Fellowship, and the first step in a pipeline that turns curiosity into real skills and opportunities.

PRACTICAL SKILLS

Adamawa

STATE-WIDE

— WHY THIS MATTERS

Adamawa's youth must not be left behind

Technology is moving fast, and skills open the doors. But knowing these tools exist is not the same as knowing **how to use them.**

Many young people in Adamawa are ready and willing, but have never had the chance to see technology up close or use it in a practical way. The summit brings that knowledge closer to the people who need it, in one place, in one day, in plain and useful terms.

— WHO THE SUMMIT REACHES

● Students

● Young graduates

● Job seekers

● Young entrepreneurs

● Creatives

● Self-taught beginners

● Digital enthusiasts

● Business owners

● Anyone starting in tech

Young people should leave knowing what AI can do, what digital tools are open to them, and **where to go next to build their skills.**

WHAT HAPPENS AT THE SUMMIT

A practical day, not a lecture

Expert Sessions

AI, digital skills and the future of work, explained by people who use them.

Live Demonstrations

Young people see practical AI and digital tools working in real time.

Interactive Learning

Hands-on activities that let people try things for themselves.

Panel Discussions

Careers, entrepreneurship and the opportunities in the digital economy.

Opportunity Corner

Fellowships, training, grants, jobs and other opportunities.

HTF Introduction

Young people are introduced to the Haske Tech Fellowship Cohort 1, and shown how to apply.
